Notes:

The aggregate outstanding principal amount of the Notes following such partial mandatory amortization redemptions and partial mandatory cash sweep amortization redemptions and the consummation of the March 2024 Tender Offer is US\$331,164,600 as of the date of this Tender Offer Memorandum. As of the date of this Tender Offer Memorandum, the Pool Factor is 0.8289. Following the completion of the Tender Offer, the amount of the Notes to be redeemed pursuant to partial mandatory amortization redemptions and/or partial mandatory cash sweep amortization redemptions will be calculated based on the principal amount of the Notes issued on the Original Issue Date (as defined in the Indenture) pursuant to the terms of the Indenture.
- (2) The Purchase Price for the Notes validly tendered and accepted for purchase will be paid following the application of the relevant Pool Factor applicable on such settlement date.

For the avoidance of doubt, determination as to whether or not the Maximum Acceptance Amount has been exceeded will be made based on the principal amount of the Notes validly tendered pursuant to the Early Tender Instructions and/or the Late Tender Instructions after application of the Pool Factor.
- (4) If the aggregate principal amount of the Notes validly tendered in the Tender Offer exceeds the Maximum Acceptance Amount, all Notes validly tendered at or prior to the Early Tender Deadline will be accepted for purchase in priority to Notes validly tendered after the Early Tender Deadline). Accordingly, if the Maximum Acceptance Amount is reached in respect of tenders made at or prior to the Early Tender Deadline, no Notes tendered after the Early Tender Deadline will be accepted for purchase. For the avoidance of doubt, determination as to whether or not the Maximum Acceptance Amount has been exceeded will be made based on the principal amount of the Notes validly tendered pursuant to the Early Tender Instructions and/or the Late Tender Instructions after application of the Pool Factor.

Details of the Tender Offer

The Tender Offer will commence on July 16, 2024 and will expire at 5:00 p.m. (New York City time) on August 13, 2024 (the “**Tender Expiration Deadline**”), unless, at the sole discretion of the Company, extended, re-opened or amended, subject to the Indenture, applicable laws and as provided in the Tender Offer Memorandum.

In order to be eligible to receive the Tender Consideration, Noteholders must validly tender their Notes by, and such tender must be received by Sodali & Co as the information and tender agent (the “**Information and Tender Agent**”) at or prior to 5:00 p.m. (New York City time) on August 1, 2024 (the “**Early Tender Deadline**”) or the Tender Expiration Deadline. In addition to the Tender Consideration, the Company will also pay Noteholders (whose Notes are validly tendered by either the Early Tender Deadline or the Tender Expiration Deadline, as applicable and accepted for purchase by the Company) the applicable Accrued Interest Payment (as defined in the Tender Offer Memorandum), as provided in the Tender Offer Memorandum on or about August 8, 2024 (the “**Early Settlement Date**”) or August 16, 2024 (the “**Final Settlement Date**”), as applicable.

Maximum Acceptance Amount

The Company proposes to accept for purchase the Notes tendered in the Tender Offer of U.S.\$8,000,000 (the “**Maximum Acceptance Amount**”) on the terms and subject to the conditions contained in the Tender Offer Memorandum.

The Maximum Acceptance Amount may be increased or decreased at the Company’s sole discretion, subject to applicable law and regulation, in which case the amended Maximum Acceptance Amount will be announced as soon as reasonably practicable following the Early Tender Deadline. The Company reserves the right, in its sole and absolute discretion, to purchase the Notes in excess of the Maximum Acceptance Amount, subject to applicable law.

For the avoidance of doubt, determination as to whether or not the Maximum Acceptance Amount has been exceeded will be made based on the principal amount of the Notes validly tendered pursuant to the Early Tender Instructions and/or the Late Tender Instructions after application of the Pool Factor.

Acceptance Priority

If the aggregate principal amount of the Notes validly tendered in the Tender Offer exceeds the Maximum Acceptance Amount, the Company will accept tender instructions in accordance with the following acceptance priority (the “**Acceptance Priority**”):

- (i) firstly, towards the tender instructions received at or prior to Early Tender Deadline (the “**Early Tender Instructions**”); and
- (ii) secondly, towards the tender instructions received after the Early Tender Deadline but at or prior to the Tender Expiration Deadline (the “**Late Tender Instructions**” and, together with the Early Tender Instructions, the “**Tender Instructions**”),

provided that the Company will only accept for purchase Notes with an aggregate principal amount of the Notes tendered up to the Maximum Acceptance Amount.

All Notes validly tendered at or prior to the Early Tender Deadline will be accepted for purchase in priority to Notes validly tendered after the Early Tender Deadline, and to the extent that Notes are validly tendered at or prior to the Early Tender Deadline, the Maximum Acceptance Amount available after the Early Tender Deadline could be reduced significantly or altogether (unless the Maximum Acceptance Amount is increased such that the Tender Offer would not be oversubscribed at the Early Tender Deadline). Accordingly, in such circumstances, if the Maximum Acceptance Amount is reached in respect of tenders made at or prior to the Early Tender Deadline, no Notes tendered after the Early Tender Deadline will be accepted for purchase.

Pool Factor

As of the date of the Tender Offer Memorandum, the Pool Factor is 0.8289.

Pro Ration

Subject to the conditions as contained in the Tender Offer Memorandum, the Company will accept Notes validly tendered on a *pro rata* basis such that the aggregate principal amount of the Notes validly tendered and accepted for purchase does not exceed the Maximum Acceptance Amount. Such *pro rata* acceptance will be calculated by multiplying the principal amount of the Notes represented by each Tender Instruction by a Scaling Factor, rounded down to the nearest U.S.\$1,000, as at the Early Tender Deadline or the Tender Expiration Deadline, as applicable.

For the avoidance of doubt, the Pro Ration calculations will be made based on the amount of the Notes validly tendered pursuant to the Early Tender Instructions and/or the Late Tender Instructions after application of the Pool Factor.

Additionally, if after applying such Scaling Factor and such rounding down, any Noteholder would be entitled to a return of a portion of tendered Notes that is less than the minimum denomination of U.S.\$200,000, then the Company will, in its sole discretion, either reject all of the such Notes tendered by such Noteholder or accept all of the Notes tendered by such Noteholder without applying the Scaling Factor. All Notes not accepted as a result of scaling will be returned to the Noteholder on the applicable Settlement Date.

A separate Tender Instruction must be submitted on behalf of each beneficial owner of the Notes, given the possibility of Pro Ration.

Tender Instructions Irrevocable

Tenders Instructions, once submitted, are irrevocable.

Purpose of the Tender Offer

The purpose of the Tender Offer is to satisfy Section 3.12 of the Indenture pursuant to which the Company is required to make an offer to purchase U.S.\$8,000,000 of the Notes, by a date that is on or prior to August 26, 2024.

Following the completion of this Tender Offer, the obligations of the Company under Section 3.12 of the Indenture will be satisfied.
